POSITION TITLE:	Team Lead Development (Data & Web)
DEPARTMENT:	Digital Services
TEAM:	Technology Delivery
REPORTS TO:	Manager Technology Delivery
JOB EVALUATION:	IT, Band 5
DATE:	May 2020

Introduction

The Reserve Bank of New Zealand (The Bank) is New Zealand's central bank. Our vision is to be the Best central bank with a Great team. We operate with passion, integrity, innovation and inclusiveness.

Our main objective is to promote a sound and dynamic monetary and financial system and to ultimately raise New Zealand's economic wellbeing.

We undertake a range of activities to meet this objective, including:

- formulating and implementing monetary and financial policy
- licensing and prudential supervision of banks, insurers and other deposit taking firms
- supply and circulation of currency
- operating New Zealand's payments and settlement system

To support these functions we undertake world class research, we actively engage with our stakeholders to promote understanding and trust, we foster co-ordination with other regulators and our global peers, and we recruit talented achievement-focused people. We are aware of the trust placed in us as an institution and seek to lead and influence in areas where we can have a meaningful social impact such as climate change, financial inclusion and regional issues relevant to our central bank mandate.

We welcome people to the Bank from diverse backgrounds, disciplines and experience. We encourage open and inquiring minds and provide a supportive, collegial and flexible team environment. We are invested in each other's success, we are energised and resilient.

We operate in a complex and changing global landscape but are acutely conscious of our heritage and history. Our Te Ao Māori strategy and awareness is a critical lens across all our work.

We are open, always learning. We love what we do and carry out our responsibilities with pride.

Digital Services is a key driver and enabler of change at the Bank. We align technology roadmaps and solutions to the Bank's strategy and objectives, and manage the delivery and ongoing support of technology services for the organisation.

The Technology Delivery team establishes and manages Digital Services' delivery frameworks, solution architecture, software development, quality assurance and test frameworks and processes, change and release management, and project management including frameworks and project execution.

Capabilities

Strategic

Strategic thinking:

We make informed decisions and take considered risks, which incorporate both short and long term factors and are aligned with our Bank Strategic Plan and values. We prioritise activities and make choices which are most likely to enable the delivery of shared goals. We scan the horizon for emerging opportunities and plan current activities with the future in mind.

Critical thinking:

We understand the goals and values of the Bank, set a clear direction and help colleagues to translate strategic priorities into the delivery of specific outcomes, which are informed by evidence and insight. We build confidence and commitment in the way that we listen to the views of others, act on our plans, learn from our setbacks and celebrate our successes.

Collaborative:

We build effective working relationships with a wide range of internal and external stakeholders to shape the future through creative collaborations and teamwork. We demonstrate the impact of our contribution through regional, national and international partnerships and we work together with our diverse range of colleagues, students and partners to understand their needs and deliver excellent outcomes.

Engaging

Communicating with Impact:

We build trust and gain buy-in to shared goals through our professionalism, integrity and effective communication skills. We influence and engage others across and beyond the Bank through active two-way dialogue and by promoting a clear and targeted message which positively reflects on our Brand and reputation.

Constructive

Delivering Results:

We take responsibility for delivering change efficiently and making things happen. Barriers and challenges are resolved promptly and success is celebrated. We are committed to ensuring that positive change is sustained and embedded to drive future success. We take a proactive approach to developing solutions and processes which are accessible, inclusive and user friendly.

Developing Others:

We equip colleagues to perform to the best of their ability and realise their potential through ongoing feedback, coaching and development. We value and recognise the benefits of working with a diverse range of talented colleagues and actively seek to build inclusive teams in which all team members can thrive.

**Resilience & Adaptability:**

We are able to adapt to changing priorities and seek to create a positive and healthy working environment in the way that we engage with and support others.
